- CobosMika Company presents **Praise**, on 24th de March, at 20:00h, in Centre Cívic de Porqueres in the season 'Rere el Teló', a proposal where artist and public share the same scenic space behind the curtain, without distance, where small format productions found the proximity between the spectator and the artists to give them a unique experience.

Praise is a sensual and physically risk duet between opposing but aesthetically mimetic sexes. Animal movements and disarticulated converge in a continuous contact proposal which show fluency, speed, strength and beauty.

Praise's language is part of the new tendencies of contemporary dance, working on hybridize disciplines and break with the limits of physical strength and gravity with the freshness of two young dancers and of excellent physical quality.
