“The eternity of the ephemeral” it’s a dance and painting performance inspired by the life and poetry of Saint Teresa of Jesus or Saint Teresa of Ávila among other references. This choreography merges the Hip Hop language with contemporary dance leading the viewer to the limbo.

The piece’s run is 30-45 minutes and it can be adapted to street and venue.

"In Limbo" is coproduced by Festival Fàcyl and Junta de Castilla León.

Patio Chico, Salamanca on 8th June, at 22:30h
