## MONS DANSA, TO JUNE, PRESENTS THE NEW SHOW 'AIGUA'

### **Aigua**

The company Mons Dansa will premiere its new show **Aigua**, on June 9, at 18 h at La Caldera - Les Corts, in Barcelona.

Synopsis of the show **Aigua**:

I like water. I can watch it for hours and never tire of contemplating its movement. The water is magical, it transforms, and without stopping being the same, it changes its appearance to travel from the ground to the air in a constant transformation that has no end.

Dancing the water ... being water and transforming me

Now liquid, now gaseous, now solid

Thousands of movements, thousand textures and colours

I want to be a drop, a sea, a cloud, a river and travel like water
