### Synopsis:

A woman of undefined age talks about her regrets. With a special taste for sentimental hyperbole, she explains the disappointments that have made her the person she is today, mirrored in the excesses of Tennessee Williams heroines or divas from music. Behind her stories appears an emotionally and financially evicted figure, struggling for survival with the weapons of fiction. A dramatic piece with Marc Rosich, with forays into dance, physical theatre, classic text, lip syncing, live song performances, seeking proximity to the public in an unconventional setting.
