ROSELAND MUSICAL: PERFORMANCES MAY 2018

Journey to the center of the earth

A technologically surprising adventure about our past, present and future.

An innovative and visual show inspired by one of the best known works of the father of science fiction, Jules Verne. Two sisters, Eva and Ava, decide to follow in the footsteps of an ancestor and go to Iceland, where they will find Hans, the guide who will lead them on a journey to the center of the planet. A descent in which the dancers will discover incredible beings and landscapes, as well as cultural waste that humanity has left behind.

Coproduction: Grec 2015 Festival de Barcelona, Roseland Musical and Sant Andreu Teatre SaT! In cooperation with Atrium de Viladecans and Block Audiovisuals

One day

Dance for smallest viewers from 1 to 4 years old

Into a forest, among mushrooms that hide surprises, our character is sleeping caressed by a sweet melody. Upon awakening, he feels drawn to know how a common day is for a child in a big city.

It will not be "One day" as other for him, full of new things, but it will be a common day for the small viewers who, little by little, they will see in the magical transformation of this corner of forest their objects, their sounds, their adventures, their emotions, even the place where their dreams appear!

29 and 30 May – Teatre Principal of Olot
