ROSELAND MUSICAL CHRISTMAS ACTIVITIES

La familia del Rey Baltasar

La Reina Gaspara

Roseland Musical begins its Christmas activities on December 28, 29 and 30 with two new projects.

The first initiative is a Roseland collaboration with set designer José Menchero and architect Xevi Bayona, and called **La Familia del Rey Baltasar**. This performance will take place in Casa de l'Aigua in Barcelona, a space that previously supplied water to the northern neighborhoods of the city, and now is an emblematic cultural institution. For more information, check this link:

Taking place on December 28, the second project will take place in Calonge (Girona), the first Booktown of Catalonia, where books and culture are both a brand and an economic-social engine. Within this context, **La Reina Gaspara**, will be presented. For more information, check this link:
