**Cowards**

**Clinch**

Àngel Duran Performing Arts will offer **Cowards** in Bot (Tarragona), on March 2.

**Cowards** refers to the sociocultural burden acquired to hide the true identity behind pre-established behaviors. This proposal exposes the dialectic, generally toxic, and the captivity of masculine behavior. Furthermore, the show questions the mandates of contemporary masculinity and how men feel challenged by other men to publicly confirm their virility and identity.

On the 19th, the company will participate in the Espai Dansa in Tarragona.
