On Saturday, October 4, Associació Artística Las Lo Las will present two proposals in the city of Salt (Girona).

At 12 p.m., at Gassol, audiences can enjoy **Estries**, a dance and music performance featuring Sònia Zurriaga Jardí and with the collaboration of Factoria Cultural Coma Cros. Admission is free. The piece is born from the desire to name the scars left on our bodies by the patriarchal system, reminding us that shared experiences generate individual and collective transformations full of meaning.

At 5 p.m., in Plaça del Teatre in Sant Jaume de Salt, **Efemèride** will be performed, the outcome of the community project Salt en Dansa 2025. With the participation of Neus Mar and Xavi Molina Membrives, and the collaboration of Factoria Cultural Coma Cros. Admission is also free. The piece celebrates a decade of shared dance, complicity, and experiences that have left a lasting mark on the community.
